

Myanmar

3-week travel, service learning, and civic engagement experience. All Majors & Alumni

What if creative thinking could be made into a crucial ingredient to help inspire and nurture the creative spirit – one student, one teacher, one school, one employee, one organization, and one township at a time?

- participate in service learning assignments to address social issues at a non-profit organization, teach at a monastery school, or promote entrepreneurial activity in a city district of Yangon.
- learn about Myanmar's geography, culture, cuisine, industry, educational and political system

June 29 - July 17, 2019

Orientation and preparation begins in the Spring 2019 semester as a formal course (class will meet 5 times; dates TBD) and carries into the summer.
